**Reviewer Comments**

Reviewer #: 1 Reviewer Background: Teacher for 24 years- Endorsed in Language Arts, Health, PE, TESOL, Psychology K-12 Comments: The standards are met through reviews and assessments and help guide the instructor to plan effectively.

Reviewer #: 2    Reviewer Background:    Teacher for 15 years, Level 3; K-8 License with endorsements in PE and Health; 7-12 License with endorsements in PE, Health and Science    Comments: Interesting textbook, with a good variety of activities. One would need to utilize online versions to get the full benefits of this curriculum. I find this text to be weak in incorporating different cultural backgrounds (beyond pictures) and teaching kids about values and how they are formed. Graphics are fun and interesting and relevant to students.

Reviewer #: 3    Reviewer Background:    Teacher for 5 years, Level 2 Endorsed in Family and Consumer Sciences, Health, Vocational Technical 800 level II Licensure    Comments: TH teacher guide is ineffective in the print format but the online resources are helpful and bring in higher level thinking and hands on projects
