As part of our commitment, Pearson Curriculum Specialists will conduct a face-to-face Product Orientation for the adopted programs. These initial Product Orientations familiarize teachers with the print and technology components and show teachers how to implement the print and technology with instruction.</p> <p>In addition to the face-to-face Product Orientation, Pearson offers web-based product training with over 25 myPearsonTraining tutorials designed specifically for Prentice Hall Humanities teachers! These self-paced tutorials provide on-going support for the life of the adoption and are available for teachers at their convenience, 24/7.</p> <p>myPearsonTraining is ideal for teachers who want a "refresher" on how to use the program or for teachers who are new to the Pearson products. The myPearsonTraining tutorials provide an overview of both print and technology components and include step-by-step videos and, in many cases, handouts. Modules cover everything, from setting up and implementing Pearson SuccessNet to How to Use SuccessTracker, and average six minutes in length.</p>
