

Deadline Extended to August 15

Due to the many technical difficulties users are experiencing with this year's Annual Report form, the deadline for submission is extended to **AUGUST 15**.

If you are having problems submitting the report, first check the following:

- Are you using the most recent version of the report? You should be using the June 26 version, currently on the website.
- Are you using the most recent version of Adobe Reader? The most recent version is Reader 9. You can download it for free via the link on the form.
- Have you filled out all required fields? If not, you will receive an error message and the required fields will be highlighted in red. All required fields will be highlighted, so you will need to scroll down to find the one that isn't filled out, and then enter your information.

If the "Submit by E-mail" button does not work for you, please print the completed form and fax it to the Instructional Material Bureau at (505) 827-6411.
