

2011 Certification Training Dates & Locations

Due to the high demand for the “School Bus Driver Instructor” and the “Commercial Driver License Examiner” certification classes, the School Transportation Bureau has adopted the following registration procedures. Individuals interested in attending a certification class can submit their name for the class and location they would like to attend. We will compile the list until we are ready to confirm the attendee list. This will be done approximately six weeks prior to each class. At that point we will fill the class seats with individuals from school districts or school bus contractors who don’t currently have any instructors or examiners. Then we will determine the remainder of participants based on the need for new instructors or examiners at the requested location. Hopefully, this will help even out the amount of certified instructors and examiners across the state. If we don’t have enough people to fill the class, then everyone registered for the class will be able to attend. Please note that a third SBDI class **could** be scheduled in October if we have enough applicants who are not able to be scheduled in one of the summer classes. **Please contact Tom Gould @ 505-827-6637 to register participants in the Instructor or Examiner classes.**
