

SBDI Re-Certification Testing

During the 2011 calendar year, there will be no mandatory recertification update training classes for existing School Bus Driver Instructors (SBDI's). Only current SBDI's who will not meet the required minimum of six (6) trainings between the dates of July 1, 2010 and June 30, 2011 will need to attend their choice of one of the following recertification testing locations. There is no pre-registration for SBDI's who need to take the written test to remain certified. SBDI's may attend any location they feel is convenient. Please note the various times and locations the testing will be offered. No additional testing locations will be made available, so please plan accordingly to maintain your certification.

Current SBDI's who will complete six or more 36 hour school bus pre-service trainings will need to provide proper documentation to the School Transportation Bureau before July 1, 2011 to remain certified. As discussed during previous recertification classes, STB requires legible copies of training documentation for only six drivers for which you have conducted the training. If you have any questions, please contact Tom Gould at 505-827-6637.
