Glenwood Elementary in Reserve Independent School District Closed

SANTA FE – Secretary of Education, Dr. Veronica C. García announced today that Glenwood Elementary School in the Reserve Independent School District was closed due to high absenteeism, making school operations impractical.

Superintendent Loren R. Cushman reported to PED that out of a school enrollment of 9 students, 8 were absent today.

Because it is such a small school, parents will communicate with the District when their children have been fever free for twenty-four hours. The school will remain closed until such a time when the enrollment is back to where the school is operational.

“We want to stress that the Public Education Department has utilized Federal guidelines,” said Secretary García. “This closure was done to maintain an effective educational program.”
